

Mp3 The Dixie Werewolves - Sweet Southern Sunshine

[DOWNLOAD HERE](#)

The original high energy blues rock and boogie show. 11 MP3 Songs ROCK: Classic Rock, BLUES: Rockin' Blues Details: The Dixie Werewolves were born in a recording studio in Maryville, Tennessee in 1997. While recording some original songs at Murlin's Music Studios with lifelong friend and engineer Rusty Chambers, Singer songwriter Jeff Breazeale got the attention of his engineer who also is a drummer and vocalist. When Rusty asked Jeff if he would be interested in performing these songs, enter bassist and vocalist Wade West and the Werewolves were born! All three of these guys were road raised performing musicians and it took no time until they were the hottest act in their local area. Since then, the wolves have been working on new songs as well as playing for many large festivals, concerts and touring the southeast USA Their first cd Lucky # 13, will soon be released on cdbaby and rocks just as hard as Sweet Southern Sunshine. Check back regularly to get updates as they are working now on their first live album!! NEW.....Herman from electric blues radio..."Some of the most Infectious guitar driven boogie ever since early ZZ TOP"
