We want to see you smile...So get ready to Rock on Down the Road with these upbeat songs that are a little bit of Sunshine and little bit of Rock and Roll. 12 MP3 Songs KIDS/FAMILY: General Children's Music, KIDS/FAMILY: Children's Pop Details: Why just head out down the road....When you can ROCK ON DOWN THE ROAD! So put on those cool sunglasses, you know the ones shaped like little stars, and get ready to be singing at the top of your lungs at stoplights! We just love these new songs and we can't wait to hear what you think of them. We had all those long rides to the beach or Sunday morning trips out to see our relatives in mind when we put this album together. We wanted to create a CD that you could pop into the van or the car and make any ride feel like a Whirlwind Family Adventure. It was so much fun recording the "Ice Cream Song" (Who knew there were so many different kinds of ice cream!) "Rockin on Down the Road" reminds us of The Brady Bunch. (Remember when they would enter the talent contests and sing?) We love "Big Bright Sun", it has an intoxicating mix of South African and Mexican Flavors. Then of course there is "Where did my Ducky go?" (Well, you have got to check this one out for yourself.) We adore "Like a Rainbow"...just the peaceful thought that sometimes it's going to rain, but the sun will always return and bring with it a rainbow. Oh...and we added "The Peanut Butter Sandwich Song" as a bonus track....every where we go everyone requests this song. We are thrilled that you like it and always feel thankful for the opportunity to share music and smiles with you and your family. Warmest wishes-The Sunshine Road (Important note: No Ducks were lost during the recording of these songs!) The Sunshine Road is an award-winning, family based musical group. They have performed at a variety of venues, including Sesame Place, Six Flags Amusement Park, The Hartford Civic Center, Lake Compounce and the Pilot Pen Tennis Tournament. Together for a little over five years, the Sunshine Road believes in the power that music has on children's self-esteem, which is why they have devoted their creativity to

developing music that is upbeat, interactive, and of course fun! The Sunshine Road's music is based on the notion that when children sing and dance they feel great about themselves and aren't afraid to dream, and with that dream they can create a future full of happiness for themselves and for the world. It starts with one little song. David Verdosci, is the lead singer and songwriter for the Sunshine Road. Covering background vocals and percussion is his sister-in-law, Rhonda Mesenbourg. All of their children also get in on the fun. David's wife Paula helps to manage the group and Rhonda's husband Tim helps with the production. Their style is a mix of influences from Caribbean to 70's pop rock. It's a sound they refer as "A little bit of Sunshine and a little bit of rock and roll."
