Trust is as raw and smooth as Vanilla Cognac. Once you know your're got he already has you. Street stories, Life questions and reflections. Deal or get dealt. 14 MP3 Songs HIP HOP/RAP: West Coast Rap, URBAN/R&B: Contemporary urban Details: This rap music is my life. I live and die for this. This, do or die reality is exactly what Imani Trust Christian demonstrates to the world with his poetic yet unorthodox style and cadence on the Soulja Story Muzic debut release Nobodys Angel: Lifetime as the Don Trust. Trust is an artist whos music is founded in life experiences and observations. From title track Nobodys Angel his professed love to a significant other to 9 2 Fo a look into his once lived alternative to the 9 to five lifestyle eked out by the majority of society. Bouts with the law and incarceration, to homelessness to intellectual and emotional growth, its all here. Trust has successfully turned his South Central Los Angeles life occurances into a plethora of provocative stories and anecdotes disturbing and at the same time insightful. The life of a well seasoned young man who has already become a veteran of street life at age 23. This evidenced in Polluted by Tru Evil where he let his emotions run loose, free-styling his thoughts of being born into an unhealthy existence and how he now questions that existence and past deeds, asking What if I was innocent again? The edgy, but well dressed, well spoken Trust started writing at the young age of 12, inspired by the turbulent but thought provoking lyrics of Tupac Shakur and Above The Law. Comments Trust, these lyrics spoke to me and got me through hard times, I felt like someone else knew my struggles. If someone else could struggle like me and make it, so could I. A pen and paper became his panacea. For years, he lyrically battled people on street corners, local stages and neighborhood parties before ever walking into a studio. He wanted to make sure that what he had to offer was picture perfect and a perfectionist he is. Current producer SouljaAnt, states, He shoots to get a perfect take the first pass, thats his goal and thats what he expects of himself no less. Its all business with him from the

time he walks into the studio until hes gone. Currently residing in Oakland California, Trust looks to shock his listening audience with a look at life that is not just hype, but truth, reflection and examination. DJ Kmaxx at Kpoo radio comments, Trust is definitely an artist whos got his own voice, hes got a story to tell. Trust is boastful about his ability and says that in front of a mic is where I am supposed to be, however, when asked to describe the flavor he brings to the rap game, he explains, I would appreciate it if we could just let the listeners come to their own conclusion, one mans perception isnt everyones reality. Guest appearances by Oakland native Low Key from Realizm and also, Trust's lyrical cohort, South Central native IROC. Listen, vibe, and holla.
