Details: Album number 4, CAP-ITAL E, is now available to add to your CD collection. Young E the Shy One has been working hard on this well done project. The second album to come out for the 2005 year is the finest album that he has put together. 14 hot new tracks, 12 tracks plus 2 bonus tracks; CAP-ITAL E has something for everyone from Hip-hop to Rap. Tracks that will get your head bobbing and your feet moving. The title of the album came from the phase in most of his songs "...the Y.O.U.N.G. with that capital E." The album only took a few months to write and record up in his own studio, Young One Studio. At first the album contented 16 tracks plus one bonus track, but cut the track listing number due to the fact that some tracks he felt weren't ready to be release. This album is the best that Young E has done to date. With tracks like "The Shy One", "Duck Dodge", "I B The One", "Makin' Movez", and "Welcome 2 Da 599", this album is for those who loves that hardcore rap. For the ones who love to get their dance on, "Up Down", "On The Radio", "Done Deal", "E-Thang" and "Oh No" are the tracks for you on this album. CAP-ITAL E also has something for the ladies. "Oh Damn Girl" is a track just for the ladies out there. It's also for the guys who want to dedicate a song for their special lady in their life or to the girl he likes and wants to let her know how he feels about her. For those who would love to live a perfect and wonderful life, "Platinum Dreams", and "Just A Lil' Story" are the tracks for you. "On The Radio" and "F The B S" are tracks that Young E just had to do to let everyone know how he feels about the 2 subjects. Both those songs have a message. With tight beats and sick lyrics, this is one gotta have album from Young E the Shy One. Oh yeah, this album is also for them haters out there who thought that I was gonna stop after

my first and second albums. For more info about Young E the Shy One, visit the website at theshyone.tk .

Album number five, OUT 4 MINE, coming soon in 2006.
