Restoring The Feeling - Simply giving you something you can feel . 6 MP3 Songs URBAN/R&B: Neo-Soul, URBAN/R&B: R&B Pop Crossover Details: Zuri Deveraux, The First Lady of Felicitous Records, Inc. is the next R&B and Pop sensation. This Georgia-bred songstress has earned a name for herself as a solo artist with multiple collaborations; mix tape appearances and the buzz from her untitled debut album. Have you ever "experienced" a song? If the answer is "no," then you have not heard Zuri's voice. Her music is seduction in its purest form, with her voice cascading soulfully over hip-hop and R&B tracks. To experience one of Zuri's songs is to know that you are being spoken to in the most intimate sense. Something is being shared with you from deep inside her heart, and this potent sentiment that radiates from her songs will capture it's listeners mind, body, and soul. Born and raised in Macon, Ga. she started singing at the tender age of nine, when she fell in love with the artistic cultures of hip hop and R&B. She knew immediately that this culture would be intensely involved in her future. As Zuri and the R&B culture simultaneously grew and matured, she felt a desire to unify R&B with the peace and stability she experienced by growing up in a Christian family. This love of God and life through song is the epitome of her compositions, and it's what makes her music so powerful. Ironically, at one time in her life, she was too shy to even stand before a classroom of peers. Now her music has taken her to headlining major events, plays, and concerts. Her music has been featured on several compilation CD's, most notably the BIBB COUNTY KINGS Mix Tape featuring all of Macon's premier artists. Her most successful single, SO SIMPLE, is a mellow ballad that shows the artist's vocal range and versatility. Her highly anticipated debut album, will feature artist from her Felicitous Records family as well as other special guest. This will be a musical journey worth taken; with her first single "She's Leaving" this has the making of an R&B classic! Personal Manager J.P. once said "Zuri Deveraux is a trendsetting artist and rare Jewel

with the voice of an angel and the charisma of Aaliyah!" myspace.com/firstladyzuri
