

Epigenomics

[DOWNLOAD HERE](#)

Preface/Introduction: Introduction to epigenomics, AC Ferguson-Smith, JM Greally, RA Martienssen;
Section I Epigenomic technologies and analytical approaches1. Strategies for epigenome analysis, AB Brinkman and HG Stunnenberg2. Sequencing the epigenome, A Meissner and BE Bernstein3. Integrating epigenomic Results, S-Y Yoo and RW Doerge4. Visualising the epigenome, P Flicek and E BirneySection II Roles of DNA, RNA and chromatin in epigenomics5. The expanding view of cytosine methylation, JM Greally6. Structural and biochemical advances in mammalian DNA methylation, X Cheng and R Blumenthal7. Epigenetic profiling of histone variants, S Henikoff8. Epigenetic phenomena and epigenomics in maize, J Hollick and N Springer9. Epigenetic silencing of pericentric heterochromatin by RNA interference in *Schizosaccharomyces pombe*, S Locke and RA Martienssen10. Describing epigenomic information in *Arabidopsis*, I. Henderson11. The role of small RNAs in establishing chromatin architecture in *Drosophila*, J Birchler12. MacroRNAs in the epigenetic control of X inactivation, S Shibata and JT. LeeSection III Epigenetic control of developmental processes13. Polycomb complexes and the role of epigenetic memory in development, Y Schwartz and V Pirrotta14. Genomic imprinting - a model for roles of histone modifications in epigenetic control, K McEwan and AC Ferguson-Smith15. The epigenomic landscape of reprogramming in mammals, G Ficz, C Farthing and W Reik16. Epigenetic regulation lessons from globin loci, A Dean and S Fiering17. Meiotic silencing, infertility and X chromosome evolution, J. TurnerSection IV The epigenome in health and disease18. Genome defence the *Neurospora* paradigm, M Rountree and E Selker19. Integrating the genome and epigenome in human disease, C Wideliuss20. A changing epigenome in health and disease, E. Ballestar and M Esteller21. Cancer epigenomics, C. Ladd-Acosta and A Feinberg22. Epigenetic modulation by environmental factors, M Doyle and R Amasino23. The relevance of epigenetics to major psychosis, J Mill and A PetronisIndex
EAN/ISBN : 9781402091872 Publisher(s): Springer Netherlands Format: ePub/PDF Author(s):
Ferguson-Smith, Anne C. - Greally, John M. - Martienssen, Robert A.
