Oct 1 PERRY FARM MARKET 10-12NOON moooo.. (more dates to follow) "Leap of Faith" was written from my SKYDIVING experience!! I've actually "jumped" 26 times...not quite a world record.... Did the song in a musical with some very cool action video. John Montgomery plays piano and Rick Lundgren plays a great bass run in this tune. "Every Picture" was written for the gal who sings it on the CD (center of CD Jacket). Her husband plays bass guitar and one of their sons plays a Euphonium..(kind of a french horn sound on this song... ..Another very cool tune on the cd is "Net Work". It's a song about computers?... It really works, moves along nicely, and has ALOT of energy. John Riggi plays electric acoustic lead on much of the CD.. ..The Dady Brothers at the center top of CD do music for a living and have several CD's. Joe plays Harmonica/Fiddle/ and Banjo on the CD. John does some guitar, percussion effects...All a great bunch of folks to work with...
