Up and coming singer/songwriter Hensley, has been gaining attention. The ones who have heard of him know his music and talk about it, and those who havent soon will. Hensley started writing music in 1993 at the age of 15. His first instrument was the piano which led him to the guitar. I feel personally that the base of each song starts with those instruments, and then you can build on that from there, by either taking something away or adding something else. says the singer/songwriter. He has been compared to some of the greatestsuch as Jeff Buckley, U2, Coldplay, Radiohead, and Muse. His vocals are angelic and his music is captivating and uplifting. The best way to describe Hensleys music is, each song is like a story of its own. For instance, Beautiful is about a desired love recovered by grace, Hollow is a quiet surrender acquired by faith, Shout is a victorious sound that never shakes, Beyond talks about a joyful noise that keeps you awake, Helicopter is a vision of our future pleading to surrender, Greenlights is a shining light flashing the signs of life, and Follow is about a moment of truth that still keeps you alive. These are just some of the songs on Hensleys debut album titled Beyond and they have the power to inspire many. No one can doubt that Hensley is on the rise to being respected and admired by this generation for the heart and passion he puts into his music.
