"It's Your Life" was recorded in New Orleans, using some of the best musicians New Orleans has. The CD had just been sent out for pressing, when Hurricane Katrina was headed our way, and we had to evacuate. "It's Your Life" sat at the CD manufacturer for almost two months, while myself and my family figured out where we were relocating to, since our neighborhood, Lakeview, was wiped out. We've landed in Orlando, FL and from here I am releasing my debut solo CD. I am in the process of finding new musicians and replacing my equipment, so I can get out and promote "It's Your Life". In the meantime, if you like what you hear--buy it! And if you buy it, let someone else hear it and maybe they'll buy it too. Or buy more than one and get a 20 discount at CD Baby and give one to all your friends! Make sure to join my mailing list, located on my webpage, kenjameson.com, or visit me at myspace.com/kenjameson, so I can keep you up-to-date on performance dates and new releases. I would love to hear feedback about my music and/or website, so sign my Guestbook or drop me an e-mail me at the "get in touch" page. Also, if you haven't donated for Hurricane Katrina Relief, and you can, please do. Things are still very bad in areas of New Orleans and many need your help. Believe me the pictures do not do it justice! I thought I was prepared to go back, but when I did, the devastation was just overwhelming. So, please consider donating to the Red Cross, or another reputable charity for Hurricane Katrina Relief. A link to the Red Cross can be found on my "cool cats" page. If you have donated, Thank You! Ken Jameson PS-If you want to help other New Orleans musicians too, check out the recently released CD "From the Lon Star to the Gulf Coast" here on

CD Baby. It's a compilation CD of New Orleans musicians, recorded post-Katrina in Texas, and proceeds benefit the Tipitina's Musicians Fund of New Orleans. My song, "Down In New Orleans", is included on the CD along with 15 other talented musicians and their tributes to The Crescent City.
