No longer a beginner he is now a seasoned writer and producer. After he returned from a nationwide college tour he walked into the studio to lay down the hottest tracks ever. On this cd Kenny decided he wanted to prove that there can be only one Phenom and he has done this with "Shock The World". Originally the title song was selected by Puck, of the Real World, as a theme song for his planned reality show but the staff of Choice Records decided that the song and the sentiment is perfect for Phenom's second release. Included on this cd is the stirring song "Eye's of A Hero" as a bonus track. Many of you will remember the video for this song that broke the top ten on many video shows and was charted in the cvc report. We have let Phenom loose and the end result will shock the world.
