Music that makes you want to dance and sing your heart out, with lyrics that remind you what your heart is for. 10 MP3 Songs KIDS/FAMILY: Children's Pop, KIDS/FAMILY: General Children's Music Details: Inside the mind of composer Matt Burmeister a new breed of kooky mad scientist was born. Armed with a wild appearance and the musical talent to please and impress all ages, Professor YiPPiT's songs are captivating. From music that makes you want to dance and sing your heart out, to lyrics that remind you what your heart is for, this is truly an artist for the entire family! After months of writing and recording, the songs were sent to long time producer/friend Mark Rubel at Pogo Studio in Champaign, Illinois. Mark put the finishing touches on the final mix and then mastered the project. What took so long you ask? Matt wrote, recorded, and performed every piece of music on this record. Close friend Chris Alaniz provided extra hand percussion, some backing vocals, and collaborated on a couple of different songs. The end result is a fun, positive CD for the entire family! Keep an eye out for Professor YiPPiT friends coming to your town!
