music and style all its on.... 9 MP3 Songs URBAN/R&B: Soul, ELECTRONIC: Breakbeat/Breaks Details:
We don't know how it happened, but when we heard the advance of this new record, it changed
everything. I.B from "The Art Of Who Did" surprised us with this one!!! Branden Lamar is one of our
newest members and with his debut record "Super Touch Pt.2" (produced by T.A.O.W.D) it's drenched in
something we call "lo-fi soul". The sound is deep, the melodies amazing, and B.L's voice gives so much
soul over the tracks. With his charisma and style you'll find it hard not to take notice.
