NOTE: The first song, Heartbroken Friends, does not play well in Lo-fi due to the stereo effect, it is not a defect. Wendy Lee's song Two Hearts won the MakeAStar song competition and is now licensed by MakeAStar records. MakeAStar Compilation CD Volume 4 is now available at makeastar.com. Support the indie artists and purchase your copy today. Wendy Lee has that bluegrass country pop sound all rolled into one, just like the Dixie Chicks she has some great banjo, fiddle and mandolin in most of her music. There is something for everyone in her debut CD Release. From the upbeat title cut Keep Dreaming to the loss in Two Hearts, Wendy Lee can touch your heart with her music. All songs are inspired from life experiences and losses. She has touched many hearts with her song "Two Hearts" which has become one of her most popular songs to date. She writes what she feels and it's basically heartfelt. All songs written by Wendy Lee, She Aint Missing written by Wendy Lee and Andrea Crimmins, To Daddy written by Dolly Parton Comstock Records of Arizona releases the song "Keep Dreaming" written and sung by Wendy Lee from the New England state of Maine to the International Country Radio Marketplace. Wendy Lee grew up in Connecticut. Her aunts and uncles were all musical so she had early dreams of becoming a singer herself. As time went on, she moved to Maine where she was lead vocalist with the Country Line Band for five years. Wendy has performed in Nashville on several occasions and most recently has been working on her debut album. Wendy Lee writes most of her own material which is quite refreshing and radio friendly and Comstock is excited to debut this talented lady. Learn more about Wendy Lee at wendylee.org
