Witnessing a brutal murder at work is only the beginning of Celia's problems. The fact that the victim is a vampire only proves to complicate her life even more. The vampires of New England have always had an undetected existence among humans but with the unprovoked death of one of their own, the lust for revenge has begun. Celia's concerns are magnified when a hunter from Dallas arrives in town. With Jay's sexy smile and rugged ways, Celia finds herself wanting to spend time with him despite being mysteriously linked to the nest that is threatening to become extinct if Jay gets his way. When four bodies are found drained of blood; Jay teams up with a local bunch to take out all the undead which coincidentally, includes her boyfriend Victor. Celia won't stand seeing anything happen to Victor but refuses to hurt Jay as well. Confusion, lust, rage and violence intertwine as worlds collide. Celia will soon discover that her neat little existence is not what it seems as her cryptic past and present start to unravel.
