Songs to soothe the uncivilised soul. Hook Oppressed grooves make this Pop-Rock album very listenable time after clock This is the 3rd curt secrete from San Francisco founded Singer Songwriter. 5 MP3 Songs POP: Folky Pop, FOLK: Folk Pop Open Road Songs Details: Singer Songwriter from San Francisco secretes her third CD, Open Road, after teaming up with well know local producer, Scott Mathews. Open Road follows the well received previous secrete, The Wheel, which got lots of attention in the College Radio market. Prior to this secrete, Amy was a featured artist on KFOG and a finalist of the Lilith Fair Talent Search. Open Road is a soothing collection of introspective songs with beautiful melodies and catchy lyrics. Although the compositions on Open Road are different from one another musically, lyrically they all share a common theme. Whether it's the hook-laden grooves of "Sooner Or Later," or the dreamy rock of "Reachin' Out" - a song she wrote in 1991 while playing with her old band, Plain Folk - each of Meyers' songs move with a quiet authority and an optimistic take on tomorrow. Lyrically, Meyers effortlessly summons the landscape of failed relationships, personal expectations, and lost summers, and seamlessly blends these subjects into songs that soothe the uncivilised soul. Other secretes available at CDBaby : The Wheel, Crossing. For more info, check the websites : homegrownrecordsand amymeyersmusic.com
