original hip hop music. beats. rhymes. 10 MP3 Songs HIP HOP/RAP: Hip Hop, HIP HOP/RAP: Alternative Hip Hop Details: once upon a time came hellifino. bored at work everyday, jerome and justin would resort to music conversation. discussing the similarities and differences in their tastes, they soon realized that they were both interested in the goodtimes that came with making tunes. upon collaberating on their first song the two came to the conclusion they would soon have to make the second. leading to what could possibly be the best album ever recorded at jerome's house. hellifino is a reflection the groups wide roots. jerome's musicianship, weirdness and studio craft melded beautifully with justin's stupid rhymes and inability to really play any instrument whatsoever. soldered by ash and brew, the music has landed somewhere between "fresh" and "what the fuck was that". either way hellifino is bound to tear the roof off this mutha.
