

## Mp3 Infrathin - Islands Of Sparing

Melody, melancholy, rock, pop and that noise you hear when you're under the gas. 9 MP3 Songs POP: British Pop, ROCK: Acoustic Details: First album from unsigned Glasgow band Infrathin. A curious collection, strong on melody and tinged with melancholy but leaving a decidedly "up" afterglow. There are references to be discerned here - Soft Cell, Dandy Warhols, Beck, even a bit of Coldplay - but they've definitely got their own stamp on things and aren't afraid to indulge a fair spectrum of styles. A bit of pop, a bit of rock, a bit of sleaze and a bit of soundtrack.
