By turns fiery, haunting, and beautiful, it's an album you'll want to share with friends. 13 MP3 Songs COUNTRY: Country Folk, FOLK: Gentle Details: Recently voted Creative Loafing's Best Local Traditional Folk Act (Reader's Choice) in the Best of Atlanta 2005 edition, the Little Country Giants play "simple, acoustic, country- flavored tunes that'll soothe the ravaged heart" (Jeff Clark, Stomp and Stammer). The core of the band is the songwriting duo of Cameron and Russell Cook on dual vocals and upright bass and guitar respectively. They are joined by flat-picking guitarist Joseph Evans, and sweet country crooner Julie Evans singing the third harmony. "The Little Country Giants take listeners to the front porch of an antebellum mansion. Everyone gets a rocking chair, and the fire flies flames are never extinguished", (David Eduardo, athensmusic.com).
