Last Resort Recordz presents P.I.N.T; representing another side to the southern rap markets, all emotion, all truth, all independently real... 17 MP3 Songs HIP HOP/RAP: Southern Style, HIP HOP/RAP: Rap
Details: Born in Memphis, Tn; rapper P.I.N.T.(an acronym for Prophet In Necessary Tribulationz),sites his early musical influence to the legendary Tupac Shakur as well as DMX for the dark and bleak subject matter found in many of his songs. He grew up in East Memphis, where he honed his skill from life experiences of typical streetlife-shared by many of the southern youth. Along with fellow labelmate Fiyah Starta, P.I.N.T. founded Last Resort Recordz with his long time friend Bernard "IQUÉ" Johnson. Together they are at the helm of an independent beast ready to break out upon the world bringing new music to the masses. He has been compared style wise to Three 6 Mafias' Lord Infamous and Lil Wyte, although he feels lyrically he is on another level as far as subject matter. P.I.N.T. plans on opening up his life to others through his music with thoughts,opinions, and experience to relate to people on a deeper emotional plane.
