A broad range of styles (just LISTEN to the mp3's),, with an emphasis on country and Gospel - most original compositions. 12 MP3 Songs COUNTRY: Country Pop, ROCK: Acoustic Details: JUST LISTEN TO THE MP3'S ON THE LEFT!!!! "...one of the most wide-ranging recordings I've heard in a long time." -William Windsor. Many diverse styles are covered on this CD, ranging from Modern Country to Traditional Southern Gospel to Easy Listening and even Light Rock...but, beyond the styles is the optimistic message of hope and joy that are always evident in Randy's live performances. This is Randy's fifth recording, and among his best. His first album, "Deliver the Young Musician," was mentioned in the book, "Vintage Vinyl: A Decade of Jesus Music," by Ken Scott. Writing, singing, and playing about everyday things and situations and their deeper dimensions has always been Randy's forte, and in this collection of songs both old and new, it comes to the front once again. From the song for his wife ("Unvoiced Tribute") to his tribute to his parents ("The Moral"); from the contemporary Gospel feel of "His Hand" and the Van Morrison-like "God's Got a Hold on Me;" and the Jimmy Buffett-style "Believe in Yourself," all the way to the uptempo bluegrass "Gerald Brock Hill," this highly anticipated release will brighten your day and touch your heart. The only true way of understanding is to experience it for yourself.... KARAOKE tracs now available....ALSO, NOW digital, for your i-pods!
