Steve is currently at work on an instrumental CD of his new works and on the sequel to "Totally Necessary Men" entitled, "Totally Necessary Men and Dangerous Women". "The process of creating music is a mystery to me and I hope it remains one. My instrumentals can be the result of something as simple as a thought, a memory, or an image. Many of the vocals were written for a specific character in a musical, but some of them were written because of an experience I was going through at a particular moment in time. More than anything, I hope people can relate to the music at some level -- whether instinctually, intellectually, or emotionally." - Steve Saari
