Outsider anti-folk. Disturbing at times, hysterical at others: "Dangerous stuff. Only for lovers of pure music and art." "This revolting individual has produced a killer work of art." 17 MP3 Songs ROCK: Folk Rock, FOLK: Angry Details: \*\*\* THIS CD WAS ONE OF NY ROCK'S TOP 10 FOR 2001! \*\*\* \* Stalking people \* Pyromania \* Compulsive disorders \* Experiences with old prostitutes \* Intimate relationship with dead people \* A control freak who eventually drives his wife to extreme measures It's all here on this CD- Songs that make you laugh while you're gasping in horror. It's music that brings out a little bit of the psychopath in all of us. "But are these songs true? Am I a bad person for listening? I'm so very scared and confused. Troy obviously has some issues and I'm not sure I want to condone them by buying his CD. It's like laughing at the mentally ill- it's just not appropriate." Screw the little voice in your head. He's a little jerk and I think he owes me money. Despite what anybody tells you, it's OK to listen to Troy Lukkarila music. Just enjoy! Don't Sit on Tables of the follow up to the critically acclaimed Every Day is Garbage Day.
