Details: Wayne Faust has 30 years of experience entertaining people from all over the world - performing regularly at such prestigious spots as Sloppy Joe's in Key West, Tiffany's at Beaver Run in Breckenridge, Colorado, and in England and Holland. His original songs are heard on the radio in places as far away as Australia. Both as a solo performer and as a member of the comedy-music duo Faust Lewis, Wayne has done over 5000 shows. His live show can turn any evening into a party - a night full of great music, comedy, and improvisation. And most of all, fun. Lots of fun. And now Wayne has put the most popular songs from his shows over the years on one 14-song CD called "Bald Guys Are Cool." This CD contains most of the songs from the CD "The Good Stuff," with 4 additional songs added. It has it all - funny parodies and original novelty tunes, live banjo songs, and some of Wayne's award-winning ballads. This guy truly has a knack for writing lyrics.
