

Print Culture: From Steam Press To Ebook - Frances Robertson

[DOWNLOAD HERE](#)

With the advent of new digital communication technologies, the end of print culture once again appears to be as inevitable to some recent commentators as it did to Marshall McLuhan. And just as print culture has so often been linked with the rise of modern industrial society, so the alleged demise of print under the onslaught of new media is often also correlated with the demise of modernity. This book charts the elements involved in such claims-print, culture, technology, history-through a method that examines the iconography of materials, marks and processes of print, and in this sense acknowledges McLuhan's notion of the medium as the bearer of meaning. Even in the digital age, many diverse forms of print continue to circulate and gain meaning from their material expression and their history. However, Frances Robertson argues that print culture can only be understood as a constellation of diverse practices and therefore discusses a range of print cultures from 1800 the present 'post-print' culture. The book will be of interest to undergraduate and postgraduate students within the areas of cultural history, art and design history, book and print history, media studies, literary studies, and the history of technology. Author: Robertson, Frances Publisher: Routledge Illustration: N Language: ENG Title: Print Culture: From Steam Press to Ebook Pages: 00176 (Encrypted EPUB) / 00176 (Encrypted PDF) On Sale: 2012-12-07 SKU-13/ISBN: 9780415574167 Category: Technology & Engineering : Technical & Manufacturing Industr Category: Art : General Category: Social Science : Media Studies
