

Mp3 Alicia Dara - The Secret Dream Of Tigers

[DOWNLOAD HERE](#)

21st-century torch songs, cabaret rock and lyrical pop. 12 MP3 Songs POP: New Romantic, ROCK: Glitter Details: Alicia Dara is on fire. You can hear it in every song off her newest CD, The Secret Dream of Tigers. Even the quiet ones give off sparks. Dedicated to all the artists, with love and encouragement, this is the work of an artist at the top of her game. The culmination of 2 years of work with producer Jason Staczek, The Secret Dream of Tigers boasts impressive and varied production. The standout tracks are Trouble, a killer love song that features Daras stunning soprano voice at its most seductive, and her cover of David Bowies Heroes, which might just be the definitive version. Dara and Staczek invert the tempo, changing it from 4/4 to 6/8, and adding a fantastic surprise at the end. It has a breath-taking cinematic quality. Someone should snap it up for a film soudtrack!"Black Muddy River", which praises the power of female appetites, is a dazzling tour-de-force, with tribal drums and lush harmonies. Staczeks Hammond B-3 adds anthemic beauty to standout love songs like Trouble and The Tragedy, and Seattle favorites Ian Moore and Johnny Sangster add soul-stirring guitars to the mix. Moores soulful tenor also joins Daras vocals on the haunting lament Bulletproof, which rivals the production style of one of Daras idols, Daniel Lanois. Dara is an accomplished wordsmith. Many songs have been written about Isabel Archer (the heroine of Henry James novel, The Portrait of A Lady), but none have taken the subject into philosophy via cabaret-style barroom swagger. Leather Jacket reads like a cautionary tale about the evils of buying too much into the surface of ones own image, certainly a peril for an artist of Daras glamour and grace. The title track is a thundering pop anthem, filled with the glory of the 80s via 60s jangle-pop. Dara has always been proud of her 80s influences and even goes so far as to cry out for them in The Bowery. In the opening track, Catapult, Dara sings of a dark power thats been pressing on her but is now fading away. Never more poised and poetic, she has clearly found some mysterious new strength and able to

call on it at will. You heard it here first: Alicia Dara is on fire. People who are interested in Jeff Buckley
Kate Bush Rufus Wainwright should consider this download.
