In 1997 he began rapping in spanish and combined his english lyrics to provide a spanglish style. His love for music grew and his passion was felt from the very start with every verse. He started blending different elements of music to create his own style and from there he realized his calling was to create a new and original form of music. He began combining Reggaeton, hip hop, Dancehall, Techno and more. The dark side of love Called his name and he responded. Fantazma was born in a world caught between the darkness and the light. He represents a balance of energy.
