Poprock 6 MP3 Songs ROCK: 90's Rock, POP: 90's Pop Details: In the stormy seas of rock'n'roll angst and apathy, a glimmer of light shines in the form of a breathy, young and sometimes quirky songstress named Jessi Canning. From the early age of eight, Jessi has been cultivating a sound and style that would best be described as introspective "sparkle-pop." From her childhood, Jessi has been surrounded by music that has exposed her to a wide range of influences, though now she finds herself drawn to artists such as Aimee Mann, Counting Crows, and Sam Phillips. Now in 2004, Jessi has just released her EP "a little mint." Equipped with a brand new backing band, her eclectic stylings and perceptive lyrics, she hopes that with her compelling creativity, hard work, eternal hope, and honesty that her music will find common-ground with anyone who is fortunate enough to hear her.
