Liam Molony and Dan Boniferro were summer camp brosie from day one. Unbeknownst to them they had developed a musical chemistry from just playing for the sake of playing. Countless years of smelling the burning of sweet old Canadian timber gave birth to the sizzling sounds you hear today. When the coals went from red to black and the smoke curled 6 years had passed and began their journey into recording. The Chaplin Files, Outtrips first attempt at recording involved one mic and a itsy bitsy one bedroom apartment in Ottawa, Ontario. The 4-Track Mixtape featured the naked production of tracks Month of Remember,Sittin'Well,Broken Soles and Outspoken. However the full potential of these songs did not come into fruition until the true b-boy apostle and Yo..lounge prophet Marc Perri and his sticky bass fingers came on to the scene... "I get inspired by the songs I hear. I get goosebumps man, that's when I know I've found a wicked song" -Marc Perri Marc and Liam met in highschool in Waterdown, Ontario. The two played in a metal band "Magdalen with Liam on drums and Perri on electric. Marc made

his way through multiple bands picking up the bass along the way. It was in 2006 when Outtrip officially crowned Perri their third member. It was right before the trios very first gig that Marc and Dan met. The big three hit it off and have been rolling as Outtrip ever since. Their debut record Yo...Lounge has been a long time coming. Recorded at Stoshy Studios in Toronto Canada the album has hit the streets and is already creating a buzz. These three lovers of groove are coming strong with the force of a stampede of elephants, and the strength of a 1000 lions roares. They are prepared to turn the doubters to believers and the haters to lovers. Grab your firends and get ready to groove, but most importantly remember, Yo...Lounge. - Outtrip Outtrip is Dan Boniferro, Liam Molony Marc Perri.
