Details: Coming off of a top 3 debut single with Activate My Body, the Perry Twins have returned and rewarded us with Bad Bad Boy (Perry Twins Music). The tune has been graced by the vocals of Niki Haris, who some of you may recall toured with Madonna from 1987-2001. The initial set of remixes have been orchestrated by the Perry Twins, DJ Escape Dom Capello, Electric All Stars, Razor N Guido, and Solar City. from perfectbeat.com: The Perry Twins Are Back: and this time they brought with them one of Madonnas longest running back up vocalists, Niki Haris! Youre gonna wanna snag these quick, because this new track is in big demand! Bad Bad Boy in its original form shows that The Perry Twins wanted to dip their toes (all 20 of them) into the Electro pond that seems to be gaining in popularity. They didnt jump in mind you, they just dabbled so you still get a solid Dance song with just a sprinkle of Electrobut then come the remixes! Big room floor fillers by Solar City, Electric Allstars, DJ Escape Dom Capello, and Razor Guido! A spectacular release and mark our words, this is going straight to the top. Enjoy this onewe did! OOOOOOOMG!!! WHAT A SONG!!! LOVE IT!!! DEFINITELY ONE OF MY FAVORIT SONGS OF 2009!!! My fav' remix is the Original Version, DJ Escape Dom Capello Club Mix and Razor N Guido Vocal Mix. The original version is a mix of punch of British House, a construction of Circuit Music and a touch of retro; they did a really good job! The Escape Dom Capello mix is a VERY GOOD melodic circuit diva anthem, like usual ;-) And the Rn'G mix is the best surprise. Really great remix, circuit style with good vocal manipulations, precise and well build. Exact like their 'good old remixes'!!! LOVE IT!! The Solar City mix, is a very good circuit anthem but a bit harder than the others :-) And don't forget the awesome Niki Haris voice :-) It is a while ago that I

heard such a great song, remixes and a very good selection of remixers. This one will be a futur HIT !!!

(Yecin, 03/26/2009) The Perry Twins have written and produced a really hot song. Not only is the original version totally unique, but IMHO Bad, Bad Boy is as catchy as anything I've heard lately in a club or on the radio. The remixes all sound different and dynamic...hard to choose. Niki Haris should be a star by now. Her voice has never sounded more impressive or current. (D.I.G., 03/28/2009) My god, this is such a great song, the bass, the vocals, the feeling! LOOOOVE IT! (J.K., 03/27/2009) I've been hearing about this since way back in September and finally heard Escape play his mix a few weeks ago, and what a track it turned out to be! As good as the Escape mix is, don't discount the Razor N Guido, the production on it is amazing and they pulled out all the stops with the Dub with an oldschool Junior feel. Don't miss this one! (C.D., 03/26/2009) By the way, the Razor N Guido Dub totally samples Jaydee - Plastic Dreams. AWESOME!!!! (C.D., 03/31/2009) I bought a ticket on the Love Train too! Loving this. Cannot possibly choose a favorite mix (like this is a problem). Wonderful. This will be one of the top songs of the year. (r.p., 03/26/2009) I love it! This single features great vocals from Niki Haris and four banging club mixes to choose from. Hot, hot, hot,!!! (W.A., 03/26/2009)
