He is very serious about his musical talents. Tim Mack is a rapper that can hold his own with the best of them. Tim started rappin in 1997, in Coeburn VA. Where the Hip Hop Culture is slim to none. Tim decided to make his own path in the world of Hip Hop passing out mixtapes so he could be heard. The reaction he received was I don't like Hip Hop but I like you. Tim says "Most of the poeple where I am from only heard Gangster Rap and can't relate, but they can relate to what we were going through. Love, life and the pursuit of happiness." MY NAME IS TIM MACK. I am a soldier in the Army Reserves that got deployed for Enduring Freedom. We were stationed in the states and I was able to record my debute album. I have been rapping for 5 yrs and producing beats for 3. I am currently still deployed and supporting Enduring Freedom. Thats why I titled the album ENDURIN FREEDOM. If it wasn't for this deployment I would still be strugglin to release a CD. I love Hip-Hop and have always been a huge fan. I started freestylin and decided I had talent. Here we are now, followin a lifelong dream. Check out my CD and tell me what you think. Not all the songs are based around the Army but alot shows my dedication to my job.
