If you like Coldplay or Travis or Elliott Smith then u love Valiumspeed. Songs about love and life. Songs with strong harmonies and melancholic. Valiumspeed will touch your heart. 12 MP3 Songs POP: Folkly Pop, FOLK: Modern Folk Details: VALIUMSPEED Daniel Stoller is valiumspeed's mastermind. Coming from a musical family he tried different styles and bands. In 1998 however, he decided to put all his creative energy into his own songs. On his first CD "this make hits" he mixed traditional singer / songwriter with modern drumloops to a homogenic whole on which his voice comes to soar wonderfully. That piece of music sounds like a fusion with Massive Attack and Nick Drake. Modern sounds with traditional songwriting. By any means soaring is the condition you get removed to if you let yourself be carried away by the music of valiumspeed. Meanwhile he is working with his long-year companion Dany Alexander on the next album which dedicates itself even more to the acoustic side. More towards folk and less electronics. More melody and melancholy. Allthrough he grants his influences from Jeff Buckley, Nick Drake, Elliott Smith, Coldplay and Travis more space, it will unmistakably be Daniel Stoller who opens his innermost to the listener. He found his other bandmates in the persons of Mathias Bieri, Kcee Schinz and Baldi Baldinger. And since 2 years this 5 musicians work on this unique, melancholic and catchy sound. Now you can found the result on the new album. Great songs about the greatest of all feelings. About love..... And now the new CD "ain't love grand" is recorded and ready for your ears. With the single and the video for "perfectly you". valiumspeed is always looking for the perfect song. More than one are on "ain't love grand".
