How is it that some people who live through pain and hurt come out stronger and better, while others seem to be trapped behind the prison walls of their woundedness? There can be no healing and release without first working through the process of forgiving those who wounded us. This book will show how to walk through this process and lead the reader in a clear, practical, and applicable way on the road of forgiveness towards all who have wounded us. It is also a practical guide for all those who want to lead others to that road, where the outcome will be a life of lasting abundance, joy and happiness.
