Action Over Drive was formed in the fall of 2001 when long time partners ERIC FRENDAS (bass) and RICK DEVAULT (guitar-vocals) decided to create a rock band whose music would be loud fat, crisp clear. It's fuzzy guitar driven by pounding bass and drums, mixed with Rick's crazy vocals! Today AOD offers a dynamic sound crafted with power and intensity, that's catchy and memorable. Eric'n Rick recorded produced a kick-ass debut album entitled MACHINE, a showcase of the band's extreme sonic adventures (on which Rick also handled drums). MACHINE is available on ear thrill RECORDS April 10, 2003 through actionoverdrive and many on-line stores , and music stores. Action Over Drive is touring this spring and summer with new member JS GAREAU (drums), who joined in February 2003.
