

Mp3 Kelvin Fairfax - The Lord Has Made Me Over

[DOWNLOAD HERE](#)

Kelvin captures his recent spiritual makeover in this original, passionate, motivating and uplifting collection that will touch the hearts and souls of many. 9 MP3 Songs GOSPEL: Contemporary Gospel

Details: After a long hiatus from music of any kind, Kelvin began writing R&B music intent on pursuing his dream of becoming a songwriter. But God had other plans for the Saint Louis born songwriter and after 3 1/2 years of working on his R&B project, he was filled with the Holy Spirit changing the course of his music from R&B to gospel. Kelvin lyrics clearly express his new found spirituality and his music is a blend of his contemporary, r&b, pop and rock music influences. From the R&B uptempo style; "You Showed Me How To Love You Lord", the smooth easy flowing ballad, "God's Favor", or Kelvin's rock inspired declaration to serve God, "Seven Days A Week"; this CD has something for everyone. If you can remember what you felt like when the Lord took over your life-----you can definitely relate. Currently, Kelvin resides in Fredericksburg, Virginia, and intends to use his music ministry to testify to all those who are within reach. Kelvin also feels that GOD has given him this gift to help provide the resources to use to educate and help others in receiving life changing skills and enhance their well-being-----hence, the establishment of a non-profit community self-help outreach center. This center will teach others about the power of trusting in God and provide classes and seminars on real estate, health and exercise, nutrition, resumes and job interviews, investing and a host of other important self-help skills. Kelvin is well on his way.
