Relaxing neo-soul christian music 12 MP3 Songs URBAN/R&B: R&B Pop Crossover, SPIRITUAL: Contemporary Gospel Details: Bio Patience is truly a virtue. And, just as with everything else, blessings are received according to Gods will. Throughout his life, Lamar has not only become an anointed singer but also a faithful servant to Gods will. Although he has been singing since the age of 8, God has declared 2007, as Lamars year of Jubilee! In a world filled with traditional music, there have only been a few artists who step out on faith to reach the non-traditional Christian. What is Love? describes emotions, understanding your relationship with Christ and more importantly the basic principles of living a Christian life. Lamar is the only child of Mr. and Mrs. Frank Batiste. Reared in a home with God-fearing parents, Lamar was able to grow and understand the meaning of true love. On Feb. 3, 2001, Lamar married Stacey in Baton Rouge, Louisiana. Lamar and Stacey have two lovely kids, Kyler and Naya. Setting your own standards for life is Lamars motto. Love is not something you feel. Love is something you do. Knowing Gods love is: understanding He wont let you go, standing when the rain falls down; and allowing Him to guide your decisions. Lamar has opened for Ben Tankard, Rance Allen, and Trinitee 5:7 and other local groups in his community. He has performed with many choirs and groups such as Hyssop and Steelo. Incorporating different styles of singing Lamar has found his uniqueness, which reflects his album What is Love?
