"QUIET STORM IS A RAPPER WHO MIXES STRONG BEATS WITH THOUGHT PROVOKING LYRICS." 16 MP3 Songs HIP HOP/RAP: Rap, HIP HOP/RAP: Hip Hop Details: In the 27 years since his birth, Terrance Hendricks has lived a lot. Better known as Quiet Storm, he survived a tumultuous youth moving from one tough neighborhood to another as he grew up in Cleveland, Ohio. He was born with a shining natural talent that starkly contrasted the darkness he struggled against in his every day family and social life. His experience was immortalized in his track Mother May I, where he explores the tough subject of past and present forgiveness and healing. Quiet knew from the beginning that he wanted to be an entertainer. He worked diligently to grow as an artist, writing and rapping with regularity in order to improve his skills. He strove to resist the temptations of the streets in order to maintain his goals and fulfill his aspirations. By the time he was in high school, he was honing his lyrical skills, fueled by excitement at seeing other students in his school holding rap sessions in the cafeteria between classes. With each session, his talent shone brightly, and Quiet steadily gained self-actualization, seeing that he had an ability to move people through his words. He worked even harder, growing ever stronger in his personal convictions, empowered by the uplifting words that flowed from his art. Quiet's natural ability and conviction to his music attracted the attention of many loyal fans, and Quiet was quickly on the way to the top. It was only a matter of time before he released his first record, A Long Time Comin', which moves competently from old-school table beats, where the seed was planted, and develops with integrity to the straight-up hook-heavy banger What's Ya Name. You have heard the rumble in the distance, now its time to get caught up in the Storm.
