We took MC's from all over New York City and the Dirty South and confined them to a dark, dingy, distgusting cell. We left them there with no bread or wine and gave them tree branches for weapons. They were fine for the first couple of months, but then they began to get uncomfortable and irritated. Soon after, they became confused and started to fight against eachother. Finally one of the MC's devised a plan that if they all work together, they can start a rebellion and get free. Tha Dungeon Underground Classics is the documentary of their escape. In Jesus Name.
