[DOWNLOAD HERE](#)

Singer/songwriter from Nashville who has developed a unique style of performing and writing from years of gigging in bars and clubs around the country. 5 MP3 Songs POP: with Live-band Production, ROCK: Folk Rock Details: BIOGRAPHY With the release of his album "Sunny Days," followed by his new self-titled 5 song EP, singer, songwriter, and multi-instrumentalist Tyler Cain has honed his unique style of performing. Gigging professionally since the age of 13, he has developed a memorable act using looping technology to be a one-man band while singing, playing guitar, harmonica, and beatboxing.

PRESS REVIEWS "Tyler Cain- Sunny Days review" SHAKE! Magazine (Nashville, TN) ".....listeners will simply be drawn into his honest, infectious musicality. Tyler hasn't been in Nashville long, two and a half years, but before another two pass he'll probably be ahead of the pack of today's newcomers. He's already well on his way....." -by Marji Chess (August 2003) "Bravo to our 2003 Chesapeake A&E Honorees" The Virginian Pilot newspaper ".....Cain released his self-produced debut CD, 'Sunny Days' earlier this year that's every bit as good as anything on those big labels. He's a talented guitarist, songwriter, and singer who has a future in music." -by Eric Feber (January 2004) "Tyler Cain's First Solo Project Almost a One-Man Production" The Virginian Pilot newspaper ".....Cain, acting as his own record producer, created the nine-song recording over a five-month period. He wrote and arranged all the songs, played all guitars, sang lead vocals, and added harmonica, piano, and organ [to some tracks]. 'I've wanted to do an album for a long time,' said Cain.....'I had all these songs in me and all these songs written down. And I wanted to work with these musicians.' 'These musicians' Cain referred to are a diverse mix of bluegrass and jazz players who reflect his own eclectic musical tastes. He and the players largely created the disc's song structures while laying down basic rhythm tracks...."
