Believe in Hope offers the listener comfort, encouragement and courage to face those difficult moments on the journey of life. 12 MP3 Songs EASY LISTENING: Crooners/Vocals, KIDS/FAMILY: Kid Friendly Details: BELIEVE IN HOPE This CD began as a reflection of the journey of Mary, Mother of God. As it unfolded, it revealed itself as a surprisingly layered and personal experience of prayer for me, a recognition of Marys belief in Hope, and how it sustained her. I began to discover comfort in her compassion, understanding, sorrows and joys of being woman, mother, daughter, friend, and all the complexities and blessings each role brings to the heart. Marys grace renewed my faith and desire to rejoice in the gift that we all share the gift of Hope, and the life it brings.
