Back link Flood MASTER RESALE RIGHTS INCLUDED! We all know that a steady stream of FREE high quality traffic coming from the search engines is the holy grail of internet marketing... Unfortunately the search for the holy grail usually ends up as a wild goose chase that leads to one dead end after another... That why Backlink Flood will be your proven blueprint to getting ranked for highly valuable keywords, getting tons of links and traffic, and making money from your site in the shortest amount of time possible. By following the step-by-step blueprint you will learn... * How To Exploit Rapid Link Indexing... Get your links noticed by Google and other top search engines in hours, not weeks... And start driving your websites up the SERPs and receiving organic traffic in the least amount of time possible... * The Correct Way To Use Parasite Hosting... Parasite hosting is using 3rd party websites to post your content and links... Its nothing new, but most people dont have a clue as to how to use it the RIGHT way and create a powerful linking system that actually produces RESULTS and doesnt get flagged as spam. * How To Build An Authority Wheel That Works... If you thought linking directly to your site from 3rd party sites was enough to get the job done, youre probably not ranking as highly for keywords as youd like to be, and

chances are you're missing this critical tool in your SEO arsenal. * Multi-Level Linking Explained... Think beyond direct linking, go one step further than building an authority wheel, and finally push your traffic and rankings to the next level using Multi-Level Linking... And make sure you do it right the first time so all of your hard work doesn't go to waste. * Will Google Really De-Index My Domain? Absolutely, and anyone who tells you otherwise doesn't know what they're talking about... However, there are a few measures that you can take to make sure that it never happens to you, you can read all about it on page 26. * Keyword Research Done RIGHT... This is another MAJOR area where people mess up and throw away all of their hard work... And it's probably the most critical step in all of SEO, trust me, you want to get it right the first time... That's why I've included a special software and separate guide specifically to ensure that you're performing your keyword research in the correct manner. * My Personal Tools To Help You Automate The Process... I'll go into more detail below, but I'm also including 2 of my own tools that I personally use to cut hours of work down to just a few minutes, and they'll help you to do the same. * A List Of Over 250 Web 2.0 Properties That You Can Use To Build High Quality Links... And more importantly, I'll teach you how to use Web 2.0 properties the RIGHT way... So that you get high quality links from high authority domains, without being flagged as a spammer and getting your domain penalized. * How Social Bookmarking Can Rapidly Boost Your Link Building Efforts... Very few people I know realize just how powerful social bookmarking can be... Again, there's a right way and a wrong way to go about it. I'll show you how to use social bookmarking in the most effective way possible. * An In-Depth Understanding Of How Links REALLY Work... What sites pass link juice? How far does it go? What gets you flagged as a spammer? How you can protect yourself... The anatomy of a backlink, why anchor text works the way it does, and much MUCH more... Here Are Some Tools I've Developed To Help You Succeed... I've included a couple of my personal SEO tools that I've developed to help with my own SEO projects... Both of these tools can help you to automate part of the SEO process and allow you to get maximum results for every minute of work you perform. Article Flood The first tool is Article Flood... It's an advanced article spinner that lets you provide word, sentence or even paragraph options, which it then combines to produce dozens if not hundreds of unique articles so you avoid Google's duplicate content penalty, produces unique articles that don't read like spun garbage, and can cut hours of article writing time down to just a few minutes. Keyword Flood The second tool is something extremely special... It's a keyword research tool, and while there are many on the market, this one is unique... It allows you to quickly collect

and analyze important keyword data on the fly, including search volume, top competitors, competing pages, domain data and more... Once you read the accompanying Keyword Flood guide youll have a strong understanding of how to do proper keyword research and really take your SEO efforts to the next level... _____ Visit My Store For More Deals!!!
