

Cellmate - Rachel West

Andy Bingham got behind the wheel after a night of heavy drinking and set in motion a series of events that would change his life forever. On his first night in prison after his drunk driving conviction, his cellmate, Jesse Cohen, surprises him by crawling into his bed. The sex is impersonal, not at all Andy's style, but somehow exactly what he needs, and it feels so good to be close to someone again that he doesn't question it. The two men gradually forge a friendship, to their mutual surprise. As Andy learns more about the dark periods in Jesse's past, they begin to understand that they have more in common than they once suspected. Andy and Jesse are on a slow and painful road, and they will struggle to acknowledge something of substance between them... and to discover whether what they have can survive the tough road that lies ahead.
