Wednesday, 1:57pm Dear Marketer, As you know, each time you send an email to your list, many of your prospects dont even get to open your message, never-mind read it! Why? Spam filters. Even if your message isnt filtered there is so much spam around now that your message can very easily be confused with spam and get deleted. Ive done it, youve probably done it, and you can bet the people on YOUR list do it too! How much extra money do you think you would make if every message you sent to your prospects got opened by everyone you sent it to every time? A guaranteed 100 open rate! Impossible, right? Not any more... Introducing The Brand New... Contact Automator Follow Your Prospects All Over The Internet Until They Buy Your Products! Youre probably wondering exactly what Contact Automator is. Well... its a revolutionary new program that allows you to create little applications that sit in your

prospects system tray (The bottom right of your screen beside the time). This application will check whatever URL you tell it to as often as you want. And every time the URL updates, it lets your prospects know! What does this mean to you? It means you can basically follow your prospects about, long after they leave your site, and literally FORCE them to look at your latest products and offers! Here are just a few of the ways you will benefit from Contact Automator: * Newsletters - Guaranteed delivery of every issue of your newsletter -- no more accidental filtering or blocking of the e-mail version by ISPs and filtering software! * Special Offer Alerts - Your prospects get instant notification of all your latest special offers! * Backend Promoter - Strike up affiliate partnerships and promote them through Contact Automator. * Affiliate Updater/Motivator - Inform your affiliates of your new promotional material and products. Keep them up to date with their affiliate stats and motivate them to make YOU more money! * Membership Sites - Run your membership site through Contact Automator, now your members will always know as soon as you add new content. * Product Updates - Inform your customers of the latest updates to your products so they can get instant access without even opening their browser or email program! * Download Area - Have your website download area contained within Contact Automator so you can bring people back to your offers long after they download your freebies! * And many, many more! The possibilities are endless. All these things will bring people back to your site again and again to buy your products! Let me show you exactly how Contact Automator works. All you do is simply open the program, fill in a few simple options, and press Build Application. Contact Automator will create a file ready to distribute to your prospects and customers! Now anytime you want to bring them back to your website and sales message you simply update the page you entered when creating the file, and within minutes your prospects will receive an alert direct to their desktop like below... Imagine having your own custom branded software on thousands of people's computers selling them your products! You can start creating your personalized software now. I'm sure that you are going to love Contact Automator. So how much would you pay for this invaluable tool that really will immediately start adding extra profits to your bottom line? \$97? \$67? Well no, it's worth MUCH more than that! But since this is brand new, I have decided to test the water and price this product at just \$17, not only that, if you're one of the next 50 people to order, you'll get an instant free upgrade to Master Resale Rights! ... so order now to avoid disappointment when these rights are sold out.
