After dapppling in all five elements since he was about 12 years old while sticking to the M.C. aspect, he is definitely a voice to be heard. Back by popular demand he returns with his third CD release. After much success in the Southwest region, Casual-One gets ready for the same success with his first nation wide release. With help from the legendary underground rapper and producer King JC of Playalistic Entertainment on fifty percent of the production, this album promises to be well rounded and heard by everyone from back packing hip hop heads to the hardcore street low riders.
