Revolution Music from the City of Steel... 7 MP3 Songs HIP HOP/RAP: East Coast, HIP HOP/RAP: Rap
Details: Are you tired of rap music consisting of some blinged-out dude bragging about why his or her life is better than yours? Are you tired of being led to believe that the next big thing is right outside your door when in reality it's just another marketing scheme? Tired of buying into the same bullshit over and over again? Are you looking for something new, versatile, REAL? Introducing Cynik Lethal: the Black History Project, a medley of different styles from a soldier on the front lines of mental warfare...we bringin' the revolution to you live and in surround sound... no chains, no bitches, no braggin', just RAW. I'm talking WAR against corrupt police forces, secret government endorsement of the drug industry, regulation of the hoods, manipulation of the mental states of millions of inner city youths.....straight up. We're about to get it poppin' here, so if you're curious, down, or just want something new and kick ass to listen to, you'll check this disc out...stay up, soldierz, revolution comes...this is just the first medium.....
