Details: The latest release from dhruva' (pronounced "Drew-a") brings another round of memorable songs ranging from acoustic guitar blues to piano ballads to island sounds. Her signature deep contralto voice coaxes the listener to take a deep breath and journey to another place. Sublime guitar accompaniments provided by Erik Hanson as well as dhruva's own flute melodies mingle with cello, steel drum, harmonica and percussion in bringing these songs to life. From Allegany Magazine: "Dhruva's distinct smoky alto voice shines through her recordings of original songs set against the backdrop of a warm coffeehouse blend of soul, jazz, and folk. Dhruva tells stories in the tradition of great singer/songwriters like Joni Mitchell and Leonard Cohen as she candidly recounts tales ranging from deep feelings of wistful longing to upbeat odes celebrating daily life. It's a poignant, honest, and captivating journey."
