Mp3 Ed Maly - See Me Burn

DOWNLOAD HERE

Best music ever recorded on 1/2 inch analogue. Your rockin' rockabilly soul will dig hard on this. 11 MP3 Songs BLUES: Rockin' Blues, ROCK: Rockabilly Details: See Me Burn is Ed Maly's latest release from Hot Texas Tunes! This cd opens as Ed and Craig Davis combine talents on Someone To Love. Ed quickly returns to the blues in Seven Dollars which sets up the slow burning See Me Burn, the title cut! Walking the Dog is a Rufus Thomas cover with modifications; this one really rocks when Ed is onstage! Living Again is a jazzy tale with a 70's feel. Next, David Beal is a Little Bit Crazy like a fox. Gasoline is the still the fuel of choice for most blues/rock lovers, and this version comes complete with the holy grail of guitar tone! After glorifying short tight skirts on his last cd, Ed becomes obsessed on Spiked Me With Your High Heel Shoe, a song that reminds me of the early analogue recordings of ZZ Top. Girl From Louisiana is a hot cajun-style tune. Ed and Craig wrap up this cd with Girl Can't Help It, and I can't help listening to this cd over and over again amazed at the punchy power of this 1/2 inch analogue project from Ed's Garage in Sugar Land, TX, USA!
