These are uplifting, fully-orchestrated spiritual songs presented gently in a baritone voice. The music is filled with gorgeous harmonies reminiscent of Rachmaninoff and the exquisite lyrics invite us to remember the magnificence of who we are. 15 MP3 Songs EASY LISTENING: Crooners/Vocals, NEW AGE: New Age Details: It was quite a challenge deciding how to pigeon-hole my music. Most people write songs about their struggles, disappointments, lost loves and other emotional dramas which are all wonderful parts of our human experience. I write songs about Joy and Love and the wonders of Life. You know, the way we feel when we hug a child or behold a sunset or scratch our pet under their chin or give generously of ourselves to another. My songs touch something deep within us that loves to be touched. They give us courage when we're afraid and remind us of who we are. The beauty of the melodies kind of eases itself into our hearts and works a special magic. It reminds us we really can smile every day and create our own personal heaven right here, right now. When you listen to my music and tap your feet or let a tear fall or sing-a-long, my purpose will be fulfilled and I thank you for listening. Marvin Glenn
