Techno from the Dominican Republic, with a groove. 8 MP3 Songs ELECTRONIC: Techno, ELECTRONIC: Dance Details: When Nojom's David "Oz" Gonzalez approached producer Julian Cesar (Samann, Mio Mio Productions, B-Side Gourmet Productions) to enlist his services, it turned out to be quite a ride. Julian convinced David to give Nojom's third release (Sagran) a true B-Side Gourmet flavor. To achieve the proposed "tastiness", Julian obtained the services of Samann members, Manny G and Sammy D. Thanks to Global Express Mail and the Internet, Julian was able to pull off the involved production (Julian - Puerto Rico, David - Dominican Republic, Samann - New York/New Jersey). Sagran turned out to be Nojom's best work to date. It is techno with a "groove" sprinkled with the B-Side Gourmet touch of Samann. The dance floor will never be the same. Synth Programming by Manny G. Drum Programming by Sammy D. Mixed and performed by Nojom. Produced by Julian Cesar for B-Side Gourmet Productions.
