Old Style, New Sound. Produced in Texas, not warmed over Nashville sound. Country music with an edge. Not for the Politically Correct. 13 MP3 Songs in this album (42:33) ! Related styles: COUNTRY: Honky Tonk, COUNTRY: Outlaw Country People who are interested in Merle Haggard David Allan Coe Hank Williams, Jr. should consider this download. Details: I was born in the small town of Milton, Florida, 1960. Five older sisters, Navy Father, house wife Mother. I grew up listening to Merle Haggard, George Jones, Hank Williams (Sr. Jr.), and many other artists. For a time I crossed over in the late 70s to rock music. I returned to pure country in 1981 with the introduction of George Strait, and have remained a true country fan ever since. I married the first time in 1981, divorced the first time in 1986. Moved to Nashville in 1988 where I tried to get into the music business. I wrote my first song every, I Think Your Wife Is Cheatin, took my first guitar lessons, and recorded my first song every while there. However, after 7 months of trying, I wasnt making enough money to live on, so I moved back to Florida. I married my second wife in 1990. Started my first band in 1992, and kept it going through several transitions until 1995. After that, I played several small clubs and parties as a single act, nothing steady. Began work on this project in 2005 after a friend suggested it. Since it was a Pay As You Go project, it took three years to complete. No one ever likes all the songs on any one album, but I think there are a variety of different types of tunes on this album, and hopefully there is something for everybody. Thanks for your support, Russ Hill
