Folk guitar and experimental indie keyboard creations, with gentle lullaby vocal melodies to transport you to higher clouds away from all the pain of the world. 8 MP3 Songs FOLK: like Joni, FOLK: Modern Folk Details: Tarabud, is a solo folk project out of Oakland, California. Her claim to fame is the simple guitar chords, sometimes keyboard compositions that transport her delicate vocals, stories of pain, love, and loneliness to the listener. She has only recently been composing, but has evolved her own unique style of folk and truth-like lullabyes. She is also eclectic; returning to her roots in her spanish song. You just might find yourself doing the samba in your living room. This is her first release, and many of her fans have waited anxiously for the "Demons E.P." summer release. Enjoy! You can find her vocal talents on other projects as well: gathermanproductions.com New song release {Alaska} for next album: Landscapes Walks, 2007, can be found there.
